INVENTIONLAND TOURS >>

Project-based learning from the Inventionland® Institute

Introducing students to the critical entrepreneurial skills needed to succeed in the 21st century.

What makes Inventionland Institute unique?

What did teachers like most about the class?

What did students like the most?

Would you recommend this program?

The Pitch

Students present invention ideas to a team of professionals and receive constructive feedback in a final exam like no other.

LEARN MORE ABOUT COURSES >>

Proven method

Students cultivate and prototype inventions through our revolutionary 9-Step Process. Developed at Inventionland, our method has transformed ideas into award-winning products sold at over 1,200 retail stores.

LEARN MORE ABOUT INVENTIONLAND INSTITUTE >>

“ Professionals from Inventionland Institute are teaming with our instructors to give our students a deeper understanding of current business, marketing, management, legal, product design, and packaging concepts. The results are grads who are better qualified and ready to work in today’s economy. ”

J. Syktich

President/CEO, DuBois Business College
